Set / Aerial Apparatus

A metal spiral of 2m length and 0,90m of diameter

A curtain consisted of a 1m length metal bar and 600 m cotton ropes

A metal cross bar of 1m3 with elastic bands

ATTENTION: It's necessary to rig, at the same time, in three different areas of the stage the metal cross with the elastic bands, the rope curtain and the spiral.

Aerial rigging materials (5 ropes, 20 Carabiners, 20 Slings, 01 Rope Pulley, 03 Swivels)

Props

A chair with wheels, a table, one hair dryer, one vacuum cleaner.

Sound

A mini Jack input for Laptop and good speakers.

We need a baston microphone.

Lighting

We will do our best to adapt our lighting design to your event.

We usually use front white and blue wash, and also use back red and green wash.

There are also more 6 focuses spread on the stage. And 3 floor lights.

Tempo de montagem (build-up): 4h

Tempo de desmontagem (breakdown): 2h
